

*The Slighted Nymph set by M<sup>r</sup> Granom*

*To sooth my Chloes*

*Perseve grief I study'd ev'ry Art till quieted as pairing of relief I offer'd*

*her my Heart I offer'd her my Heart she took it prize with rapturous joy &c*

*gave her heart in change No sooner I possess'd the Toy then mine began to*

*range then mine began to range range.*

*No more does Chloes beauttous face  
 Please her false Stroptions Eye  
 Belinda fraught with ev'ry Grace  
 Does Chloes Charms supply  
 The slighted Nymph this soon perceiv'd  
 With looks of cold disdain  
 Too soon she found herself deceiv'd  
 Too late to ease her pain.*
